MATHEMATICS

1

Special Features

Boost up Brain

Assess Yourself

Maths Lab Activity

3-Step Strategy for
Problem Solving

Aligned to the NEP-2020 and NCF-FS 2022

Foundation MATHS

1

Salient Features of the Series are :

- Eye catching and child friendly layout capture the imagination of the child and create an interest in the subject.
- Each unit / chapter begins with a short introduction of that chapter learnt in previous class which refreshes the concepts.
- The "Desk Point", "Trichi's Teach", "Memorica", "Do you Know", etc. highlights the purpose, summary, what to memorize, multi disciplinary know how, respectively within the chapter.
- Assignment under "Boost up Brain" enhances the mathematical and calculation skills.
- "Maths Lab Activity" helps the children to develop different strategies for solving problems.
- To test understanding of concepts, creativity skills, art & craft and application of knowledge, exercises are built to cater such tasks viz; Practice Time, Think and Do, Analyse & Do, Explore in Maths, etc.
- To assess the progress of the children, Model papers (Assess Yourself) are provided.

The series is a well graded books for classes 1 to 8. The series is written in strict conformity with the National Curriculum Framework by N.C.E.R.T. This child friendly series teaches mathematics in such an interesting and comprehensive manner that even an average child has no difficulty in understanding the fundamental concepts of mathematics.

Salient features of the series are:

- ❑ Eye catching and child friendly layout capture the imagination of the child and create an interest in the subject.
- ❑ Each chapter begins with a short introduction of that chapter learnt in previous class which refreshes the concept.
- ❑ The fact box highlights the important points.
- ❑ Assignments under mental maths enhance the mathematical and calculation skills.
- ❑ Maths Lab Activity at the end of each chapter helps the children to develop different strategies for solving problems.
- ❑ Revision exercise to check the retention capacity and the level of understanding of the children.
- ❑ One Model Test Paper at the end of the book is included to assess the child's performance.

Tech Wizard

NAVIGATING THE DIGITAL WORLD

About the Series

Tech Wizard is a comprehensive, exhaustive computer series for class 1 to 8. This series is based on Windows 10 and MS Office 2016 with a glimpse of Windows 11. New National Education Policy (NEP) 2020 and National Curriculum Framework (NCF) 2003 has suggested certain skills that should be learnt by them. These skills will help them in becoming successful, innovative, adaptable, and productive human beings in the various fields such as Digital Literacy, Coding, Computational Thinking and Artificial Intelligence in the rapidly changing tech-savvy world.

Special features of the series are as follows :

- The series navigates the landscape of a world powered by Electric vehicles and Metaverse.
- Sets within the futuristic landscapes of Neom city.
- Unfolds Kyra 'India's first virtual Influencer.
- Exploring innovative capacities & cutting-edge ability of ChatGPT, Dall-E, BARD, Mynta FashionGPT, Canva, MS Bing, Notion and GATO.
- Journeying into the corridors of Jio AirFiber, Li-Fi, Starlink by Elon Musk, 'TOR'—Dark Web.
- At the heart of the tale stands the enigmatic Sophia/Little Sophia Robot blurring boundary of HI & AI.
- Amidst the evolution, it explores the urgent call for action through 75th Azadi ka Amrit Mahotsav, G20 and SDGs.
- The innovative Google ARDA & Apple Air Vision Pro takes center stage, revolutionizing AR & reshaping human experiences.
